

What does courage mean to you?

When you feel courageous where does your  
courage come from?

---

### Sally Tucker - Courageous + Contagious

"**Courage** is stepping in where you think you cannot go."

"It's being asked to do something to help change someone  
and then doing it well."

"...it isn't always easy."

"Courage is stepping out and saying, okay, what is there  
to learn now?"

"Wesley is more mission based than I ever imagined. That's what's  
given me the courage and fortitude to move forward."

"If you're enthusiastic about something it becomes **contagious**."

---

Can we be courageous in our giving to support the  
contagious generosity that Sally finds at Wesley?  
Give courageously.

Wednesday, October 17 - Courageous + Contagious Prayer Service  
Sunday, October 28th - Stewardship Sunday
