

# "Are We There Yet?"

## Lent 2021: Wandering in the Wilderness and What We Learned There

"Are we there yet?" We've heard that question from the back seat of the family car for generations – but we may be asking it, ourselves, during this season of COVID and Lent – wondering if the Resurrection will ever get here!

Join Wesley Church as we remember a similar journey, long ago, traveled by Moses and the Israelites as they made their way through a never-ending wilderness and toward the Promised Land. The journey is adaptable to whatever COVID sends us and can be engaged entirely from home. You may be surprised to learn that the Lessons of the Wilderness are still true today!
